

Pipe Clamps

Standard Pipe Clamps

Features

Standard pipe clamps are a modular assembly suitable for securing tube, pipe and hose in all types of installations.

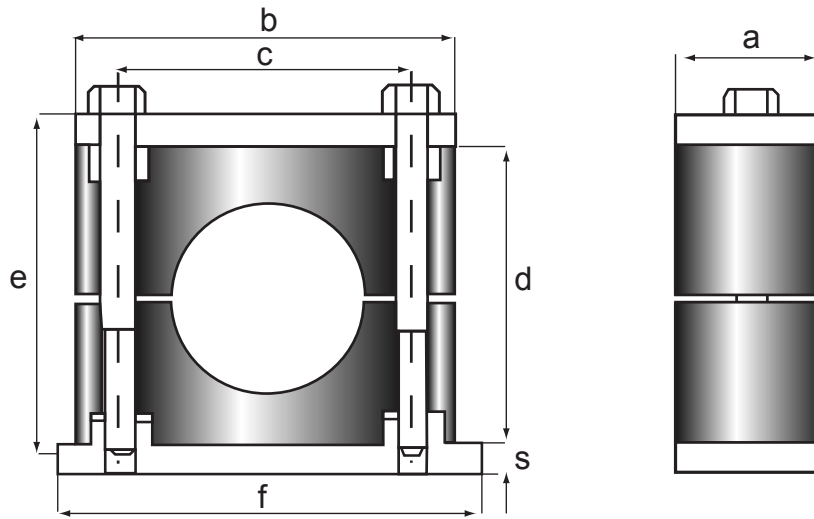

Because of the modular design, (base plate, top plate, jaw set and securing bolts) either the complete assembly or just the required sub components can be utilised as required in each installation.

Specifications

Jaws	Polypropylene Polyamide Rubber Aluminium	Standard (Green) Self Extinguishing (Black) Heavy Duty Series
Upper & Lower Plate Rail	Steel	Gr.FE35
Bolt	Steel	Gr. 4.6 Zinc Plated
Stainless steel components in Gr.304 and Gr.316 can be produced on request.
